Grow Your Knowledge

NOVA episodes bring them together.

Suzan lives in coastal North Carolina and her family was raised with PBS North Carolina. As a professor, Suzan was drawn to educational PBS programs for her young son. Today, son Alex is an adult and PBS still connects them.

Alex works in the Hollywood film industry and focuses on camera array remote software and production, where he holds U.S. patents. Suzan is a part-time adjunct college professor of Art History. While their professions may seem distant, a mutual enthusiasm for quantum mechanics and aesthetics inspires them both to enjoy NOVA episodes that bridge art and science.

Because of your generous donations to PBS North Carolina, viewers like Suzan and Alex continue to grow together, in knowledge and connection. Thank you for helping us nurture these bonds and foster relationships positively impacted by PBS North Carolina. Your support makes it all possible.

Growing together,

Becca Lockhart
